Notes:

The median number of ranked athletes among all rival promoters in Singer's Ranked Market was 4. This is calculated taking the median of the highest number of unique athletes per year across all years from 2010-2016 for each promoter.

Athletes that participated in ranked bouts for multiple overseas promoters in 2013 are included only once in the count of "Ranked Athletes Added" in the summary chart (Ex. 124).

A pound sign (#) indicates athletes that also participated in rival Ranked Market bouts in 2013. These athletes are not included in the count of "Ranked Athletes Added" in the summary chart (Ex. 124).

An asterisk (*) indicates athletes who also participated in Zuffa bouts in 2013.
